## 5、登陆成功后，显示可以访问的 RSC 资源

The screenshot shows the Royal Society of Chemistry website interface. The browser address bar displays "Royal Society of Chemistry". The navigation menu includes "Publishing", "Journals", "Books", and "Databases". A search bar is visible. Below the navigation, a dark banner states "Network access provided by Peking University", with "Peking University" circled in red. The main content area is titled "The Royal Society of Chemistry's Journals, Books and Databases". It features a "Our journals" section with a "View all journals" button and five journal covers: Sustainable Energy Fuels, ChemComm, Chemical Science, Molecular Systems Design Engineering, and Natural Product Reports. Below the covers is a search box labeled "Search our journals" with a search icon and the text "eg Journal title, search term, author, DOI". Underneath is a "Jump straight to a journal" section with a dropdown menu currently showing "Analyst". To the right, the "About our publications" section describes the RSC's publishing portfolio, mentioning 45 peer-reviewed journals, 1,500 print books, and online databases. An "Open access" section is partially visible at the bottom right.
